

ANNA L. MCNAB

SELECT STUDENT COMMENTS

MIS 250, Fall 2007

- Excellent job, Anna! I enjoyed the course so much, I am thinking of changing my major to MIS. I really appreciated the way she responded so quickly to students, and was available to help throughout the semester. Great class, great instructor!!!
- Anna may very well be the best instructor I have ever had. She was a gift this semester.
- Strengths: Patience when situations don't always go as intended... knowledge of the material...diplomacy... Anna was very thorough with what she expected of us.
- The instructor was excellent in providing quick feedback on assignments and answering questions. The amount of interaction was considerably greater than my other distance classes.
- I would definitely take another class from her. Anna demonstrated her willingness to help us learn and even created alternative assignments for those who were having problems.
- The quantity and quality of the communication was outstanding throughout this course.
- It was obvious that Anna put much more time into this course than probably most of the students. She was a GREAT example of the understanding that an excellent professor needs to have!
- The instructor was very approachable and interacted well with the class. I found her to be knowledgeable and very helpful in times of need.
- Very informative and the instructor was always available and constantly posting updates to let us know what was happening.
- I feel that the instructor was very concerned about the success of her students. She would go out of her way to make sure that everyone was taken care of, and would quickly resolve any issues when they arose.
- The class schedule and assignments were presented clearly. Grades were posted quickly after the due dates. The instructor was also very helpful and caring for her students.
- This was my first online course for WSU and the experience was wonderful. Anna did a wonderful job of addressing questions and assisting when I was a little lost.
- The instructor was great and exhibited great patience and concern.

- I would like to thank Anna for the amount of time and effort she put into the instruction of this course. She definitely went over and above for us in the course. She was very approachable and took some VERY harsh comments from some students in the course that were unfounded and uncalled for; she is the perfect example of a very understandable teacher. Thank you Anna!!!!
- The communication given by the instructor. It was nice to have weekly updates to make sure everyone was on the same page. She was also very quick to respond to any emails.
- Ms. McNab was very accessible, very patient and seemed concerned with student progress. She is excellent at communicating the work each week. She handled some inappropriate student complaints very well. Again, I think she was very patient and considerate of some very rude students.
- She is one of the very few instructors that respond to your inquiries in a fast manner.
- She was very approachable, through e-mail, and understanding. She seemed like she wanted everyone to do well and she was very helpful.
- Communication was excellent. Tests and Microsoft Office assessments were fair and reasonable. Excellent instructor!

MIS 374, Spring 2007

- Any “distance” class is difficult unless you have an instructor who is flexible, offers explanations of the covered materials and has a positive outlook on the class. Anna kept the class challenging, with interesting discourse/dialogue and made working with fellow classmates enjoyable.
- Communication [strength of the course]. Anna was always back with a quick reply no matter when a question was asked, over email or the blackboard system. Requirements for the class were explained at the beginning and I always knew what I had to do to succeed in the class.
- Anna is a wonderful instructor and I have had a great time in this class...
- Anna is available to discuss concerns and provides excellent information to alleviate the concerns. I really enjoyed Anna as a teacher
